

TECHNICAL INFORMATIONS

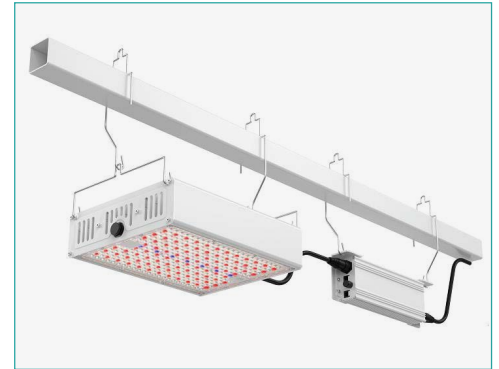

HORTI PRO

400W

A Horti Pro tem a fonte de alimentação externa e obtém melhor dissipação de calor. O respirador da luminária pode manter a pressão constante, o que evita a deformação do painel de led. Os suportes de montagem são adequados para várias aplicações, e os dois tipos de suportes de montagem são projetados para facilitar a instalação e reduzir os custos de mão de obra. A substituição perfeita da lâmpada HPS.

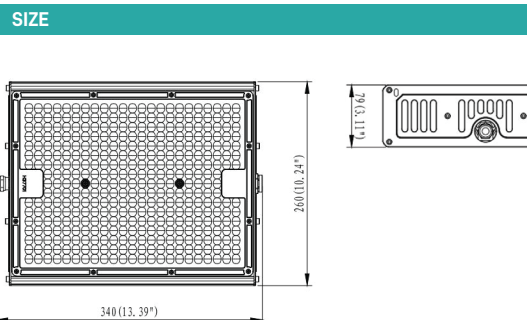

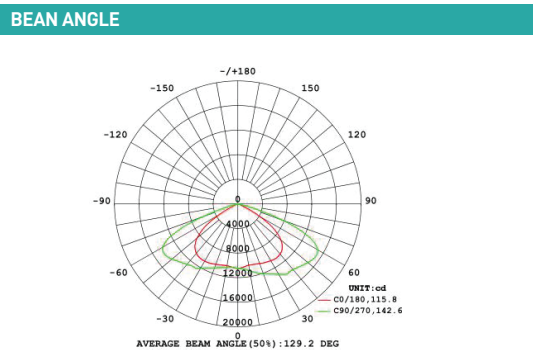

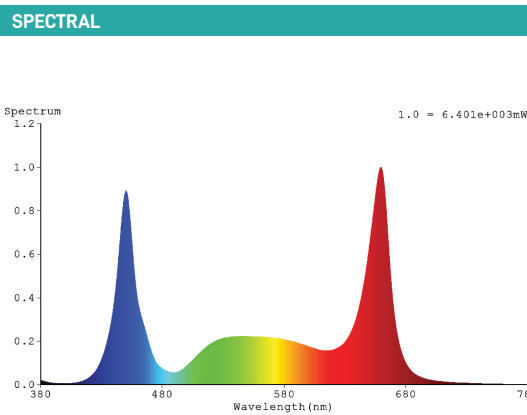

Horti Pro has the external power supply and gets better heat dissipation. The vent of the luminaire can keep the pressure constant, which prevents the deformation of the led panel. Mounting brackets are suitable for various applications, and both types of mounting brackets are designed to ease installation and reduce labor costs. The perfect replacement for the HPS lamp.

Horti Pro tiene la fuente de alimentación externa y obtiene una mejor disipación del calor. El respiradero de la luminaria puede mantener la presión constante, lo que evita la deformación del panel led. Los soportes de montaje son adecuados para varias aplicaciones y ambos tipos de soportes de montaje están diseñados para facilitar la instalación y reducir los costos de mano de obra. ILAR-01476

REFERENCE	
Power	400W
Dimmable	0-10V
Input Voltage	AC100-277V, 50/60Hz
System Efficacy	2.6 umol/J
PPF Output	1040 umol/s
Beam Angle	110°
Net Weight	4.90 kg
Product Dimension	L340 x W260 x H79mm
IP RATING	IP65
CERTIFICATE	CE, ROHS
Class	Class I
Power Factor	0.9

Designed by Aronlight in Portugal. Made in PRC
