

TECHNICAL INFORMATION

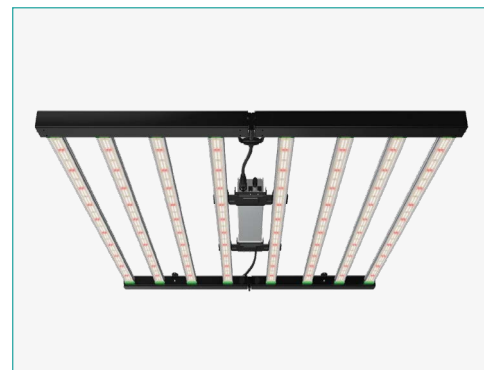

HORTI FRAME MARS

800W

Este é um design inovador para agricultura vertical e cultivos de cannabis. Driver externo de 0-10V com dimmer de botão. Design dobrável (tamanho de embalagem menor). Opção de espectro de alta eficácia (2,9 $\mu\text{mol/J}$). 0-10V Compatível com sistema de controlador EC2820 ou trolmaster, com design de portas RJ

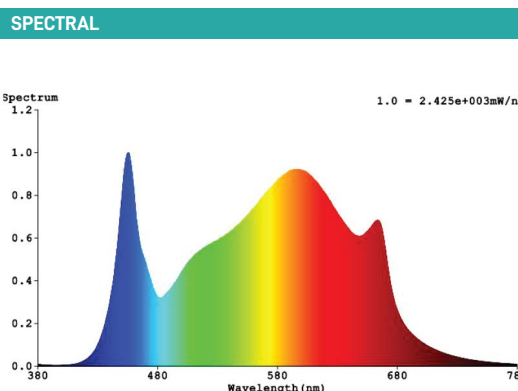

This is a break through design for vertical farming and cannabis crops. External 0-10V driver with knob dimmer. Foldable design (smaller packing size). High efficacy spectrum option (2.9 $\mu\text{mol/J}$). 0-10V Compatible for EC2820 or trolmaster controller system, with RJ ports design.

Este es un diseño innovador para la agricultura vertical y el cultivo de cannabis. Driver externo de 0-10V con dimmer de pulsador. Diseño plegable (tamaño de paquete más pequeño). Opción de espectro de alta eficiencia (2.9 $\mu\text{mol/J}$). 0-10V Compatible con EC2820 o sistema de controlador trolmaster, con diseño de puertos RJ.

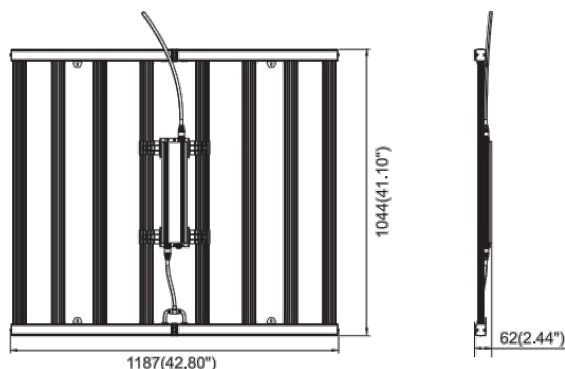

ILAR-01484

REFERENCE	
Power	800W
Dimmable	0-10V
Input Voltage	AC100-277V, 50/60Hz
System Efficacy	2.9 $\mu\text{mol/J}$
PPF Output	1960 $\mu\text{mol/s}$
Beam Angle	120°
Net Weight	8.2 kg
Product Dimension	1187x 1044 x 62mm
IP RATING	IP65
CERTIFICATE	CE, ROHS
Class	Class I
Power Factor	0.9

SIZE

Designed by Aronlight in Portugal. Made in PRC
